CLASSIC LOW CEILING BP4-L

- This Low Ceiling 2 Post Car Hoist designed for a low ceiling clearance and is suitable for both Automotive workshop and home garage.
- This 2 Post hoist comes with a double lock system installed in both columns.
- This new lock system incorporates two locking mechanisms for added safety.
- The double lock system is automatically activated as the lift is raised.
- There is no need for the operator to go to both columns and manually unlock both column locks.
- All lifting and lowering operations are controlled from one column post.
- Double safety locks built into each column operated by one release level make Classic BP4-L baseplate lift the safest and easiest to operate Baseplate lift in the industry.

CLASSIC LOW CEILING BP4-L

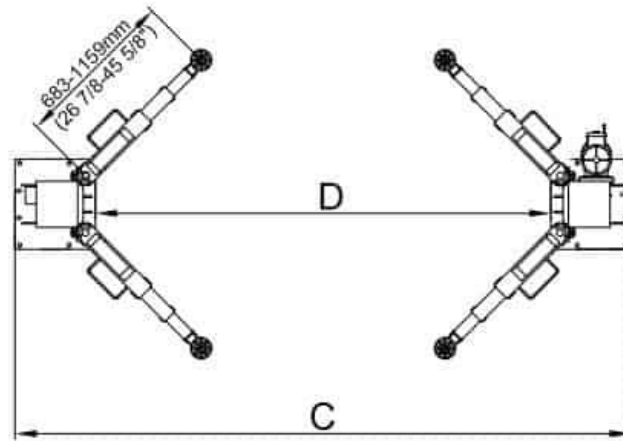

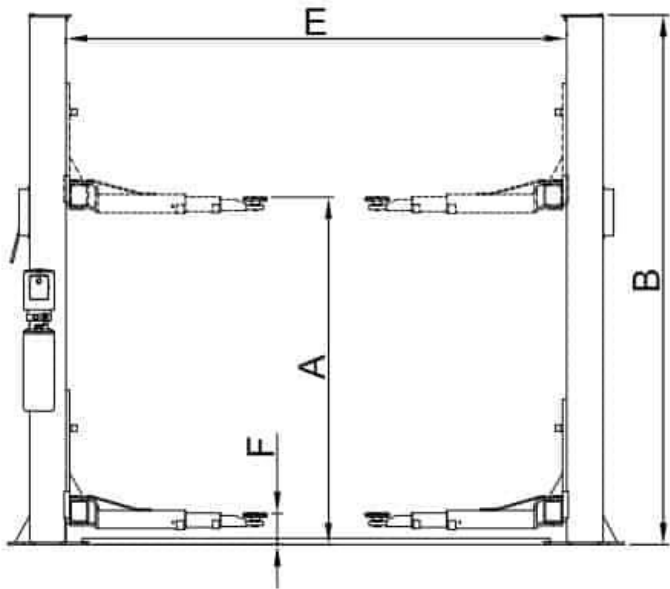

- 4000kg (9,000 lbs) Capacity.
- Dual hydraulic chain-drive cylinders designed and made on high standard, high-quality seals.
